Ladoke Akintola University Of Technology (LAUTECH)

Medical Student

(M.B.B.S)

EXPERTISE

▻ Community Architecture

▻ Crisis Management

▻ Token Gating & Bots

▻ Engagement Strategy

▻ Growth Hacking

▻ Alpha Calling

PROFILE

Community builder bridging the gap between roadmap and reality. I specialize in turning quiet chats into active cultures, managing crisis comms, and supporting early-stage projects. With a background in medicine, I bring discipline, patience, and analytical thinking to the chaotic world of Web3.

FEATURED EXPERIENCE

PROJECT WOOFIN
Project Advisor

• Provided strategic direction for project roadmap and community scaling.

• Advised core team on market positioning and holder retention.

HBAR SLUG
Builder & SlugTrust Member

• Core contributor involved in ecosystem building.

• Member of the exclusive 'SlugTrust' helping shape project governance.

MilliClubCoin
Community Manager

• Led day-to-day operations and community engagement events.

• Maintained active chat culture and handled support tickets.

PROJECT ARCHIVE
